OUR MISSION

As you are all aware, the Indian Society of Thyroid Surgeons was established 6 years ago with the aim of forming a platform to discuss evidence-based management of thyroid cancers.

Thyroid cancers have excellent outcomes if treated correctly. However, to ensure low or minimum morbidity of the recurrent laryngeal nerve injury and parathyroid damage is the responsibility of the surgeon.

The association plans to achieve the objective of spreading this knowledge by organizing several workshops, cadaver dissection courses, and conferences.

I as a president of ISTS, invite you all to become a member to better your understanding of thyroid surgery and recent advances.

Dr Jyoti Dabholkar
ISTS President

WHY CHOOSE ISTS?

An added benefit of becoming an ISTS member is that, an automatic Asia Pacific Thyroid Society (APTS) membership will be awarded without extra cost.
